Thanks Vince.

Do you need me to complete and/or notarize the attached ROW access request, or will EPA legal handle this?

Luis,

here's the City's response with the right-of-way access request. Thanks.

Vincent,

Good afternoon. Per your previous discussion with Gary Saunders, attached please find a Right of Way Use Permit for your review. Please give me a call with any questions. Thank you.

Sarah Battles

Subject: West County Road 112 Superfund Site

Gary,

as discussed, the attached file has the proposed well locations (red circle) for the City of Midland right-of-ways. The proposed well locations that appear to be in the city right-of-ways are along West County Road 110 (2 locations south of I-20) and along Gist Ave (4 locations) and what I believe is East Industrial Loop (1 location). I am also attaching a file with a diagram of the general well construction information. Thanks for your help.
